## SUMMARY

Recent graduate and avid gamer who enjoys making things run better, faster, and more reliably and just generally loves thinking about tricky problems.

## EDUCATION

### Computer Science | Mathematics | Iowa State University

2015 – 2019

3.75 GPA, member of the University Honors Program, awarded Excellence in Russian Studies, Phi Beta Kappa Inductee.

### Russian Studies | Saint Petersburg State University of Economics and Finance

SUMMER 2016

2 months of intensive language learning, along with culture classes and tours of historically significant places. Credit went towards a Russian studies minor.

## EXPERIENCE

### Student Worker, Dining | Iowa State University

OCTOBER 2018 – MAY 2019

### Virtual Quiz Chair

2016 – 2019

Tripled participation in this fundraising activity by migrating the application to a web application format built using Typescript, Angular, Node.js, Express, and MongoDB.

### Student Researcher | University of Washington

SUMMER 2017

Developed a program in Mathematica to facilitate the production of medial graphs and utilized my knowledge of mathematics and programming to make significant timing improvements to a program in MATLAB.

### Student Researcher | Iowa State University

SPRING 2016

Developed an algorithm to efficiently generate circle packings, coded in Sage. Credited as co-author in results published in *Connections in Discrete Mathematics*.

## SKILLS

- Highly proficient in C and Java
- Experience with Angular 8, HTML, CSS, JavaScript, Spring, Rust, and Python
- Excellent problem solver
- Quick and avid learner
- Intermediate knowledge of Russian

## ACTIVITIES

President of ISU Russian Club

Virtual Quiz Chair and Vice President of ISU Quiz Bowl Club
